## Education

### Ujjain Engineering College, Ujjain

*B.Tech (Hons.) in Electronics and Communication Engineering*

2019 – 2023

GPA: 8.0

### Govt. H.S. Excellence School

*Ujjain, India*

2017 – 2018

12th Percentage: 82.6

### Govt. H.S. Excellence School

*Ujjain, India*

2015 – 2016

10th Percentage: 84.83

## Skills Summary

**Languages:** C, C++, Python, Java

**Web Development:** HTML, CSS, JavaScript

**Frameworks:** React.js, Node.js, Flask

**Database:** SQL, MongoDB

**Developer Tools:** VS Code, Git

**Soft Skills:** Leadership, Public Speaking, Time Management

## Projects

### Employee Mapper App | *React.js, Node.js, Express.js, MongoDB*

[Link](#)

- Developed and deployed an Employee Mapper App to manage employee information and visualize their locations on a map.
- Integrated geocoding services to convert employee addresses into coordinates for accurate mapping.
- Streamlined employee location updates with an intuitive interface for address input, seamlessly fetching and presenting precise latitude and longitude coordinates.

### Appointment Booking App | *React.js, Node.js, Express, MongoDB*

[Link](#)

- Developed an appointment booking app using the MERN stack for seamless scheduling.
- Implemented a user-friendly form to capture appointment details and store them in a database.
- Ensured smooth booking experience and accurate record-keeping for successful appointments.

### Portfolio Website | *React.js, HTML, CSS, JavaScript*

[Link](#)

- Designed and developed a personal portfolio website using React.js.
- Designed and implemented a user-friendly and responsive interface for showcasing skills and experience, including details of personal projects.
- My personal portfolio website is a valuable project that showcases my technical skills, design ability, and attention to detail.

### Flask-Blog App | *Python, Flask, HTML, CSS, JavaScript*

[Link](#)

- Developed a web application “FlaskBlog” using Flask, a Python mini framework.
- Created functionality for users to add, delete, update, and view blog posts.
- Implemented user authentication and authorization, allowing users to log in and signup, as well as reset their passwords.
- Integrated a database to store and retrieve user and blog post information.

## Coding Profile

- Solved 120+ problems on Leetcode
- Solved 100+ problems on GeeksforGeeks

## Leadership / Extracurricular

### ECHO

2021 - 2022

*Technical Head*

*Ujjain Engineering College*

- Organized and managed coding event in college.
- Conducted promotional activities to attract a wide range of participants and maximize event attendance.
